**For all variation requests to do with SUPERVISION –
please complete the following section:**

3. CHANGE OF SUPERVISION

Coordinating supervisor: The Coordinating supervisor must be a member of UWA staff and is responsible for the overall management of the student’s program of candidature and for ensuring that all administrative and reporting requirements of the supervisors are met. This supervisor will receive all correspondence from the Graduate Research School relating to the student and is responsible for **communication with and between** other supervisors. Please note that students enrolled in **joint schools** must have a Coordinating Supervisor in each School listed.

Principal supervisor: The Supervisor who provides primary academic leadership in the supervision of the research project of a higher degree by research student. This person must be research active as defined by the relevant faculty/School to which they are attached, have research expertise and experience relevant to the area of the student’s research and provide evidence of continuing and active involvement in research.

The Principal supervisor must normally hold a qualification at least equivalent to the level of qualification being supervised and normally will have previously supervised a research higher degree student to successful completion at this or another recognised tertiary institution. The Principal supervisor must be an employee of this University or hold formal adjunct, emeritus or honorary research fellow status. The Principal supervisor must reasonably expect to hold a University appointment for the duration of the student’s candidature.

Principal & Coordinating supervisor: In cases where the Principal and the Coordinating Supervisor are the same person, they will be designated as the **Principal & Coordinating Supervisor**. This is a supervisor who is responsible for both the primary academic leadership of the research project and the overall management of the student’s program of candidature. In such cases a Co-supervisor must be appointed.

Co-supervisor/s: The supervisor who is a member of UWA staff and is neither the Principal nor the Coordinating supervisor. The role of the Co-supervisor must be discussed (and recorded) with the student and other co-supervisors listed.

External Supervisor: A supervisor who is not a member of UWA staff and who does not hold formal adjunct, emeritus or honorary research fellow status at UWA, but has expertise essential for the research project. The role of the External supervisor must be discussed (and recorded) with the student and the Coordinating and Co supervisors listed. A brief CV must be attached (please include affiliation, title and contact details).

Guidelines for Graduate Research Supervisors can be found at: <http://www.postgraduate.uwa.edu.au/students/policies/supervisors>.
