**Infrastructure/Resource Support for Postgraduate Research Students**

Higher Degree students enrolled through the School of Paediatrics and Child Health are provided with the following resources during their candidature:

- Allocation of office/desk space wherever appropriate
- Access to standard office stationery e.g. pens, paper, envelopes, letterhead, folders, files, CD’s. Non-standard or luxury items must be purchased from alternative funds
- Access to printing, photocopying, telephone and fax facilities.
- Computer access and standard operating environment software. Non-standard software requirements to be authorised and funded by supervisors
- Email address and internet access
- Access to laboratory facilities/areas where appropriate
- UWA library access, including online journals

In addition to the standard resources listed above, the School has allocated resources to assist students to attend and present their work at national and international conferences/meetings. The level of support is dependent on enrolment type. School financial support for conference or meeting attendance can be used in addition to other sources of financial support, up to the total amount of relevant expenditure.

**Masters Students**

Masters students are eligible to apply for up to $750 travel support to attend a national or international conference to present their work.

**Eligibility:**
1. Students must be enrolled through the School of Paediatrics and Child Health; for joint School enrolments, funds will be available on a pro-rata basis
2. Applications are open to Master’s students for the duration of their candidature; 2 years full-time or 4 years part-time
3. Funds must be utilised prior to submission of the thesis for examination

**Application Form:**
An application form is available from the UWA School of Paediatrics and Child Health (M561), Princess Margaret Hospital, Level 4 Administration Building
Email: postgrad-SPACH@uwa.edu.au or Tel: 9340 8591
PhD Candidates

PhD students are eligible to apply for up to $2,000 over the duration of their candidature to attend courses and present their work at national and/or international conferences. The School encourages PhD students to present their work at a minimum at one national and one international.

Table: Preferred Schedule for Utilisation of Travel Support Funds
