Resources for Postgraduate Research Students during their Candidature

Research Funding
Depending on the infrastructure funding received from the University, the Centre for Ophthalmology and Visual Science (COVS) will fund on an annual basis up to $3500 towards research costs for a PhD student and up to $2000 towards research costs for a Masters student. This will be across the standard funded enrolment period of 4 years for a PhD or 2 years for Masters, or part time equivalent.

Centre Resources Allocation
COVS will also provide the following general support for research:
• appropriate laboratory bench space
• computer access with appropriate software
• internet access and email accounts
• photocopying within the Centre
• academic work-related postage, fax facilities, and telephone access
• costs involved in production of 3 copies of thesis where no funds are available in their Scholarship
• access to office stationery
